EDUCATION

Florida International University (FIU)

Expected - August 2027

Bachelor of Science in Computer Science | GPA: 3.55

Relevant Coursework: Programming I/II, Data Structures/Algorithms, Systems Programming, Artificial Intelligence, Software Engineering

EXPERIENCE

The Education Effect

Miami, FL

Software Engineer *Assistant*

November 2025 - Present

- **Develop and maintain data management workflows for 18 district schools**, consolidating incoming program, student, partner, and budget databases to improve data accuracy and streamline organization-wide reporting.
- Build and manage internal tools and database-driven processes for school and community partner operations, automating manual workflows and centralizing information to **improve tracking, reporting, and coordination across 18 schools**.
- **Manage technical and operational data supporting more than \$10M in grant funding**, collaborating with school staff, community partners, and leadership to **improve visibility into budgets, services, and program performance**.

Atlas Esports Consulting

Remote

Software Engineer *Intern*

March 2025 - October 2025

- Built responsive esports platform features with **React, Node.js, and Firebase**, translating product requirements into reusable components and intuitive player-facing workflows.
- Integrated player statistics and performance analytics, using **REST APIs and client-side caching** to streamline data retrieval and improve report responsiveness.
- Developed Flask API endpoints for **live match data and player insights**; tested integrations and collaborated remotely through Git/GitHub workflows.

PROJECTS

Community School Dashboard | *Next.js, React, TypeScript, Tailwind CSS, Supabase, React Hook Form, Zod, Vitest,*

- Created responsive school-user and administrator dashboards for events, program and service discovery, engagement requests, and budget management used to **manage over \$10 million in federal grant funding** to address slow turnarounds.
- Built multi-day request workflows and workbook-style budget calculations using **React Hook Form and Zod validation**, with school-level and cumulative administrator views to **reduce turnaround times by 4 weeks**.
- Added Supabase-ready authentication and roles, accessible themes, responsive layouts, and **Vitest and Testing Library** coverage for critical workflows.

Deadlock AI Improver | *Python, FastAPI, React, OpenAI API, PostgreSQL*

- Developed an **AI-assisted gameplay analysis platform** that converts match and player statistics into prioritized coaching recommendations and measurable improvement goals that **improved ranks by over 3000+ ranked points**.
- Designed FastAPI services and a React dashboard for **match-history analysis, trend visualization, and personalized feedback** with structured prompts and validated API responses.
- Implemented data validation, modular analysis pipelines, and automated tests to make **AI recommendations consistent, traceable, and production ready**.

Cardfolio - Pokemon Buyer App | *Expo SDK, React Native, TypeScript, Expo Router, Expo Camera, Expo Image Picker, AsyncStorage, React Context, Vitest, Pokemon TCG API, RapidAPI*

- Built a mobile-first collection and pricing app with **card search, deal ratings, collection and wishlist tracking**, and a two-sided trade calculator to **improve savings by about 10%**.
- Integrated the **Pokemon TCG API through TCGGO/RapidAPI** with a 15-minute local cache and automatic fallback to bundled sample data when the service is unavailable.
- Implemented camera and image-picker workflows, persistent local state with **AsyncStorage and React Context**, configurable pricing thresholds, themes, and unit-tested calculations.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, TypeScript, HTML/CSS, SQL, C++, C, Go

Frameworks/Libraries: React, Next.js, Node.js, Flask, FastAPI, Tailwind CSS

Developer Tools: Git, GitHub, VS Code, IntelliJ, Firebase, Supabase, PostgreSQL, REST APIs, Powershell, LLM's (Codex/Claude)

Certifications: Google AI Essentials, Adobe Certified

Additional: Bilingual: English/Spanish
